IRRIGATION TALK AT BOARD MEETING

Swimming Pool and Irrigation System Come in for Some Discussion—Good Attendance

Further discussion on the proposed swimming pool and the town irrigation system occupied some time at the regular meeting of the Board of Trade in the Hunter Hotel Wednesday noon.

H. Holmes and Geo. Travis, who are members of the swimming pool committee, reported that as yet no definite steps had been taken toward the building of the pool, but they had done some preliminary work in getting information on a site and plans. They reported that the townspeople exhibited much enthusiasm in regard to the pool, and already the committee had been considering considerable plans.

In the absence of Pres. E. P. Currie and Vice Pres. W. J. Blanks, Mr. Kee was appointed to occupy the chair.

The discussion on the swimming pool brought out some further discussion on the town irrigation system by H. O. Bredin and M. D. Macdonald, of the C.P.R. D.N.R. who has charge of the planning of the irrigation. Mr. Bredin said the town was getting prices on the cost of the pumping machine that would be needed to supply the system with water.

The secretary reported that the membership committee appointed was to meet the chairman, A. T. Connally, and H. D. Bassano.

Bob McLean made a motion that the Board recommend to the town council that they build a hitching rack to take the place of the shed at the rear of his office. This shed had been used for hitching their horses to and was now torn down. The motion carried.

Agricultural Branch Office.

The secretary reported that he had written to the different U. F. P. local clubs in the hope that the irrigation block will be among the re-opening of the C.P.R. D.N.R. Agricultural Branch office in Bassano. There had not yet been sufficient time to get replies to these letters. A resolution was put through recommending to the C.P.R. D.N.R. continue this office in Bassano as it had accomplished in good work it had accomplished in past.

ALBERTA'S FISH INDUSTRY

The commercial fish industry in the province experienced the largest year in its history, according to figures furnished by the Roffell, chief fisheries inspector for the province, who has now made his report to the federal government.

The total catch for last year, both winter and summer months, was 6,756,000 lbs. of which 3,932,000 lbs. came from the winter months and 2,824,000 lbs. from the summer months. The winter catch was valued at a net amount of \$382,912 and the winter catch at \$393,537, making a total of \$756,449. In addition to this, it is estimated that 1,449,000 lbs. was taken in the domestic catches, which is a good year. The anglers' catch was estimated at 237,400 lbs. valued at \$57,000, so that the total fish catch of all kinds in the province reached a value of nearly \$700,000. A total of 1,629 commercial licenses, 156 domestic licenses, 5,664 angler's licenses, and 902 licenses to Indians and half-breeds were issued, a grand total of \$3,242, or over 1,000 more than the previous year.

Of the total commercial catch, a total of 3,413,000 lbs. was of whitefish alone. The fish taken commercially are exported for the most part to Chicago and other eastern markets.

QUEBEC'S RECORD REVENUE
Hon. Jacob Nicol, Provincial Treasurer of Quebec, who will speak to show the highest revenue in the history of the province with a surplus of \$1,200,000. One million of this will go to debt reduction and \$24,708 to complete the new legislative buildings.

Hussar News

HUBBAR, Feb. 23—John Hirsch, Hugh Brown, and Harry Anderberg attended the Chapter meeting in Bassano Wednesday evening.

Pike returned to Medicine Hat Friday after visiting a week at the home of his daughter, Mrs. Frank Armstrong.

Ralph Armstrong spent the week in Calgary with his parents, Mr. and Mrs. Jas. Armstrong. His mother, who underwent a serious operation at the General Hospital, is doing nicely.

Mr. and Mrs. Bettley were visitors at the Bassano Chapter Thursday and Friday last week.

The dance given for the benefit of the Hussar school Friday evening was well attended. The net proceeds amounted to \$340.

The latest ball and enjoyable affair was the home of Mrs. A. A. Cliftard Thursday. First prize for five hundred was won by Mrs. Roy Warburton, and the booby prize went to Mrs. A. Anderson.

Mr. John Hirsch, Mrs. Merriman, and Mrs. Neesie night in Bassano.

Mrs. Frank Reeves left Tuesday for Edmonton for a visit at the home of her sister-in-law, Mrs. Bradley.

Mr. and Mrs. Tracy were visitors at the Bassano's train.

Mr. Service Sr., who has been visiting at the home of Rev. Mr. McNutt, left for Calgary Saturday.

The chinook winds and warmer days are welcome.

TO GIVE RECITAL IN KNOX CHURCH

McLuhan Coming With Fine Program March 8th

Under the auspices of the Irving, a recital will be given in Knox Presbyterian Church on Tuesday, March 8th.

The program will be presented by Miss McLuhan, of Winnipeg, reader and impersonator, and it is expected that a very fine program will be given.

Farmers are beginning to prepare for spring operations by ordering their alfalfa seed from the seed association at Brooks.

GEM THEATRE PROGRAM

The Hinton-Simpson Orchestra will play every night

FRIDAY AND SATURDAY NEXT WEEK

"God Gave Me Twenty Cents"

Two women loved him. Come and learn the clever ruse one employed to side-track her rival through the medium of two "crooked" coins.

Countess News

COUNTESS, Feb. 23—Mr. Lovesque received a telegram from Wayne on Wednesday morning stating that his father had suddenly passed away. Mr. Lovesque's father came to Countess on Feb. 10th. Monday evening for a short visit with his son, returning on Tuesday. Mr. Lovesque left for Wayne at once.

Bernita Thompson was ill the past week, but is able to be around again.

Roy Burrows returned from his trip to the U.S. with the idea the weather was quite snappy, and that he had the misfortune to have his face badly frozen. Mr. Burrows is loading a car, and will soon be leaving Countess for their new home.

Mr. and Mrs. Burrows and Mr. and Mrs. Heidt were dinner guests at the Bassano home on Wednesday.

We are very glad to relate that Mrs. May Burrows is able to be out again after almost a year of illness.

Mr. and Mrs. A. M. Anderson had a short visit with Mr. and Mrs. Lovesque at the Bassano school with the deputy returning officer. The following were the candidates nominated: W. J. Dunstan, O. D. Christensen, and P. W. F. Lew.

Meat and other warm weather games are in full swing these bright sunny days. The kids are taking full advantage of the mild spell, and the melting of the snow has brought out the marble players on the bare ground of the school yard and vacant lots.

In spite of the actions of the Indians the Indians declare there are signs of an early spring and a hot summer, and right now it looks as though the weather man had no intentions of contradicting the Indians.

Although the weather is very mild and nearly all the snow has disappeared, nobody expects this to last very long.

GOFF SELLS IT

B. O. TOBACCO
KELOWNA, B. C.—Almost \$16,000 has been paid out here in tobacco money this season by O. R. Bremer, of Vancouver, who recently shipped the last of the tobacco crop grown here, a total of about thirty tons. The tobacco is being sorted in Vancouver and is to be sent to market on exhibition in various parts of the empire, as the quality, in the opinion of Mr. Bremer, is very high, and should attract the attention of manufacturers, especially as a permanent supply of the same can be assured.

Heavy Peace River Shipments
More than three million, six hundred thousand bushels of grain, most of which, when harvested, was shipped this season from the territory, largely to the Edmonton, Vancouver and B. C. Railway in to the Peace River country. This is the heaviest grain shipping season in the history of that railway.

THE DOMESTIC ANIMALS ACT (Municipalities)

Notice is hereby given under Section 45 of The Domestic Animals Act (Municipalities) that a Grey Golding brained on left shoulder, was

impounded in the pound kept by the town of Bassano, located in the town of Bassano, Alberta, on the 7th day of February, 1927, and that the said animal was sold on the 18th day of February, 1927, to C. Kemp, of Bassano Alberta, and that the said animal may be redeemed by the owner or on his behalf within a period of thirty days from the publication of this notice in The Alberta Gazette, upon payment of all fees and costs imposed by the municipality and the purchaser of the said animal.

For information apply to the undersigned.

COURT HOUSE NEWS

On 15th January and Belmont Johnson both of St. Paulia, Alberta, had their hearing before Judge McDonald in the Bassano Court House Thursday, Feb. 17, and will be recommended for naturalization papers.

MUNICIPAL HOSPITALS

Success of the rural municipal hospital system in Alberta, and the careful management of the seventeenth hospitals operating under the system, is reflected in the fact that every one of the seventeen hospital districts now has cash surpluses to their credit ranging from \$750 to \$30,000.

Vancouver, B. C., British Columbia industries have more than tripled in the past ten years, according to the latest publication of the Canadian government. There are 1,200 industrial plants in the province with 40,000 employees and a payroll of \$32,000,000. Now there are 4,000 plants with a payroll of more than \$15,000,000. Agricultural production is 130% above 1920. The value of the lumber output is \$14,400,000, minerals at \$12,800,000, and forestry at \$35,000,000. Last year they stood as follows: agriculture \$65,000,000; fisheries \$24,000,000, mining \$17,000,000 and forests \$38,000,000.

We are told there is force enough in the atom to solve all our power problems. The trouble is to get the atom up and at 'em.

Here and There

Canada's birth rate leads all the white races of the world, according to a close study made here of comparative figures. Canada's birth rate is 22 per thousand, and Australia comes next with 21.2. England and Wales fall slightly below France with 18.8.

"The manufacturing industry is moving west," says J. E. Walsh, General Manager of the Canadian Manufacturers' Association. "The increase in prairie industries is this. We are having the same experience here as they had in the United States. The Prairie Provinces are fast becoming industrialized."

A gold medal awarded to the Canadian Pacific Railway in recognition of the results obtained by the railway at the Canadian Exhibition recently held in Toronto, was received at headquarters of the system here to day. Similar medals have also been awarded to the Dominion and Provincial Governments and to a limited number of exhibitors.

This, from the Lethbridge Herald, is hardly surprising. "A farmer moved in here a half section in the Iron Springs district last spring. He got in a good crop, irrigated carefully and watched results. He threshed a \$6,000 crop in this first year; paid \$2,800 for his land; and \$600 on equipment and seed, and got a \$4,000 loan. This left him a comfortable balance of \$1,200 to go on with."

The President Beatty Prize is being offered by the President of the Canadian Pacific Railway to the man obtaining the highest number of marks during the coming training season at the training farm of the British Ministry of Labor at Brandon, Manitoba. The award consists of a prize of \$1000 and a scholarship of \$1000 for the current year, with a place at the C.P.R. Supply Farm at Strathmore, Alberta. A similar prize will be made available in the spring of 1928.

An outstanding feature of the past few weeks has been the export of live foxes by the Canadian Pacific Express in Montreal. Trade statistics show that in the past fiscal year 5,500 live foxes, valued at \$14,000,000, left Canada for European markets. Foxes have gone to foundation stock in the United States, United Kingdom, Belgium, France, Germany, Newfoundland, Norway, Switzerland, Finland, Japan and Russia.

Announcement was made from Canadian Pacific Railway headquarters here recently that two free scholarships, covering one year's tuition in the Faculty of Arts and four years' work in agriculture, science, civil, mechanical and electrical engineering at McGill University, are offered by the company, subject to competitive examination, to apprentices and other employees enrolled on the permanent staff of the company and under 21 years of age, and to minor sons of employees.

The recent snowfalls have directed attention, earlier than usual, to the coming Dog Derby—the 1922 Canadian Intercollegiate Dog Derby—which is to be run off at Quebec City on February 21st, 22nd and 23rd. Six entries have been received so far. H. Clarette, who will compete in the Paquet Cup, will be an Ontario Paper. H. L. Sutton, of Chicago; two Price Brothers entries, and P. J. Molloy, of Berlin, New Hampshire. Such is the lineup to date, about twenty entries being expected.

Sir Frederick Williams Taylor, General Manager of the Bank of Montreal, points out in the current Public Utilities issue of the "Financial Times" that Canada's utilization of power has increased 50% in the past ten years, and that the country now stands second in the world in the utilization of hydro power. When present plans mature power will be \$40,000,000,000 in 1940, representing a capital investment of \$164,000,000,000. Undeveloped power wealth will still be prodigious, conservatively estimated at \$20,000,000,000.

Alberta is expected to play a considerable part in the Fourth Pan-American Congress which is to take place in Ottawa, July 27th to August 4th next, and Alberta poultry men are now preparing exhibits for this event. There will be more than 5,000 delegates from foreign countries.

GROCETERIA and MEN'S WEAR

WHO LOWERED THE COST OF LIVING FOR THIS DISTRICT

George Griffiths, an old timer of the 30's days, was in town this week renewing acquaintances.

Bob Taylor was in from the farm at Rosemary Thursday.

Mr. and Mrs. Elliott, of Rosemary, were in Bassano last Saturday on business.

Mr. and Mrs. Donaldson, Mrs. Allen, and Mrs. Pragnell went to Calgary to attend the consecration of Dean Sherman Thursday.

Geo. Tatson of Letham was in Bassano Wednesday with a load of beef.

Mr. and Mrs. W. Agate went to Calgary on Thursday.

Phil White and daughter were in from the farm south of Letham on Thursday.

Mrs. Jas. Johnston visited her mother and daughter Irene in Calgary on Tuesday.

Mr. and Mrs. Geo. Greaves and family were in from Morville on Wednesday.

Mr. and Mrs. Max Gamble motored in from Countess last Tuesday.

Bob Nairn came in with sleigh from Hussar on Thursday.

"GOD GAVE ME 20 CENTS" FILLED WITH REAL THRILLS

She entered the florists shop with her two heavily dined diners, gave them to him, took a rose and started out. Half-way down the street she met a short, stout, dark-haired girl. Looking back she could see the florist motioning and gesturing. At the same time a policeman started running toward her, gun in hand. Panicked-stricken, the girl flew to the first haven she saw—the protective shadow of a neighboring florist's shop. She leaned against the wall and it gave way. She heard shots being fired, felt herself falling and—

That's just one of the many thrilling episodes contained in Herbert Biberman's current Paramount production, "God Gave Me 20 Cents," which is coming to the Gem Theater Friday and Saturday next week, March 4 and 5.

This is the picture that Paramount played with opening of their \$2,000,000 theater in New York.

FORESIGHT IN BEEKEEPING

(Experimental Farms Note.) Honey crops are sometimes light from causes that are beyond the control of the beekeeper, but more often are they because he, himself, lacked foresight and failed to prepare for the emergency. The amount of honey stored is a comparatively short one, lasting perhaps from four to six weeks, but the preparations for securing that crop must begin approximately eleven months before and continued right up to the time of the first sting. The requeening of colonies during the latter part of the summer, the preparation of the bees for winter, and spring management are all preparations for the crop of the following year, and the success of the crop will depend largely upon the care with which these preparations are made.

Failure to prepare equipment for the active season is also responsible for considerable loss both in honey and in bees, and there is nothing more important than when there is an abundant bees are more than to find too few supplies ready to take care of the situation. There is no time like the present to prepare equipment. The bees are still in winter quarters and require attention only to see that they have ample time to make an estimate of his requirements, overhaul all supplies on hand, clean and repair them where necessary and order any new ones that may be needed. If the latter are ordered early they can be made ready for use before the bees need full-time attention.

GEOLOGIST DOOMS JAPAN
 SAN FRANCISCO—Nature has sealed the doom of Japan and within 100 years the Island Empire will have vanished, according to the Pacific-declining Dr. L. J. Noble of the U. S. Geological Survey on his return from Tokyo where he attended the Pacific Science Congress. "Geologists have established," he said, "that Japan is slowly crumbling into the sea. Sliding along the east coast is a juggling of land and filling in the vast underwater area surrounding Japan."

See this Luxury Underwear
 Selling at Economy Prices

THOSE women who have worn their best underwear only for evenings and special occasions can now wear it the whole day through, for, with the coming of Lavender Line, dainty fabrics have become practical and economical. After repeated visits to the wash tub, they still retain their original texture.

Be sure to come to our Underwear Department this week, and see the special display of new and fascinating styles of LAVENDER Line garments in soft botany wools, lustrous cottons and in the now famous Woods Lingerie Cloth.

WOODS Lavender Line

Lavender Line is New—
 Have You Seen It?

In addition to the famous Woods LINGERIE fabric, you can get Woods LAVENDER LINE in warm, soft wools and cottons.

The comfortable vests and undersuits are snug tailored with graceful lines around the shoulders. They fit with skin perfection over waist and hips. The bloomers are made with replaceable elastic and are fashioned generously, yet trimly.

These undornings possess throughout the durability of fine materials. Always dainty, they yet withstand the strain of constant wear.

You have always wanted such underwear. We recommend Woods LAVENDER LINE to you for its beauty and economy.
